Happy 4TH OF JULY!

A Message from Your Board

Happy July!

As summer is in full swing, we'd like to thank everyone who continues to make The Parks such a wonderful place to call home.

June was filled with community improvements, educational events, and opportunities to connect with neighbors.

Whether you attended an event, volunteered on a committee, reported a maintenance concern, or simply helped keep our community looking its best, thank you for helping make The Parks a great place to live.

We wish everyone a safe and happy Independence Day and look forward to another exciting month together!

SAFETY UPDATES

Speed Study

Horry County has completed its traffic study. Based on the results, all roads evaluated qualified under the County's Speed Hump Policy.

Our community has now been added to the installation list. Current estimated timelines are approximately 1–2 years.

As additional information becomes available, the sitting Board at that time will provide updates to the community.

Pond Update

All community ponds and fountains are currently operating normally.

If you notice a fountain outage or other pond-related concern, please submit a maintenance request through FirstService Residential.

COMMUNITY IMPROVEMENTS

Erosion Repair Completed

The erosion repair project at the dock near the pool has been completed.

Please help us protect the newly repaired area by avoiding the rocks and using caution while the area continues to settle.

Pool Updates

Recent improvements include repairs to sections of the pool fencing.

BEGINNING JULY 4, POOL HOURS HAVE BEEN EXTENDED!

NEW POOL HOURS

8:00 AM – 8:30 PM

Until further notice.

POOL REMINDERS

- Please enter through the designated gate located at the rear parking lot.
- All other gates are exit-only.
- Please do not climb or jump over the pool fencing.

Other Improvements

Mailbox lighting has been installed throughout the community to improve visibility and safety.

Irrigation repairs are now more than 75% complete throughout the community. Please continue reporting irrigation concerns so they can be addressed promptly.
